The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street, Chicago. This system established at the LOCK HOSPITAL, 112 Wells Street, has cured patients are rogues of absolute privacy. The advantages of this system are well known to need any comment. All who have been cured will testify from 1843 to the present.

him with a tullestrassure of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, illustrious as the sun, in no instance has the strictness of privacy been violated.

In this, must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposture. The vulgar Medicine of Dr. D. is not fully established as the only means of curing the venereal complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances.

ness of the disease. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years from his private practice to the study of leprosy, in his various studies, got *practically* a complete cure, all diseases of the bones, &c. Notice is now given that all upon him have been cured, and he is now in a permanent cure. The absolute cure of the disease is now a fact that no question can possibly exist about it. The cure is now in individual becomes acquainted with the disease and the main process. It is but for a point to say he is afflicted, and some time to say he is cured.

The greatest point for the consideration of every body is to avoid all communication with persons unpermitted to give them relief. Serious and dangerous consequences, more than the spread of the disease, are aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 135 Wells street, and at once place yourself under his care.

Orders will be kept open from 9 A. M. until 9 o'clock at night.

All letters (post paid) will receive prompt attention.—Any person wishing a private room will cured can have it by applying to Dr. D.

The greatest discovery of the age.
PROFESSOR WOOD OFFERS FOR SALE A
PERFECT HAIR RESTORATIVE.—It will turn a short
 time wasted in the use of any other hair restorative
 to its original color—bring it out where it is faded and
 arrest it where it is falling off—clean the head of the dandruff
 and itching—removes all cutaneous eruptions, and
 renders the scalp perfectly healthy by reducing the secretions
 of the sebaceous glands to their normal state. It furnishes
 supply nutriment and coloring matter to it. It does not
 color the hair, but it is, in short, a perfect Hair Invigorator
 and Tonic. In proof of which we will select from among
 the mass the following Certificates.

STATE OF ILLINOIS,
 CARLYLE, June 27th, 1852.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of my "Restorative," it has recovered its original color, and I have no doubt, permanently so.

—SIDNEY BRESSI,
Ex-Senator, United States.

VINNOMES, Ind., June 15, 1952.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomever it may concern, that I have used it and know howsoever to use it—that I have for several years been the possessor of a large supply of your Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of con-

giving my hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the hair on which it is used. I would like to see every one desirous of having a fine color and texture to hair.

WILSON KING.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and also its application to the scalp, has effected a firmness of the head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will

not regret it, as it gives the hair not only its original color,
but it gives it the appearance of having been recently cut.
I am prepared, therefore, to recommend its use to all who
are desirous of having a beautiful head of hair.

H. L. STEWART.

The following certificates speak for themselves, as the
gentlemen whose signatures are attached, are known to
thousands —

St. Louis, September 26, 1853.

Dr. J. J. Wood—Sir:—I have used nearly two bottles of
your Hair Restorer, and have found its effects very sat-
isfactory. It has entirely destroyed all dandruff from my
head and has restored my hair to its original color, which
had become quite gray.

WM. TRUEBLOOD.

St. Louis, September 23, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, and in a few days my hair began to grow again. My hair, which, when I lost it was before, was very gray, had been completely restored to its original color, becoming as fine glossy appearance as it has in twenty years ago.

I commenced using the Resto weeks ago, and am perfectly convinced that it will produce the desired effect, it certainly cures the itching, and cures more than half of the scalp. I will, probably use the same hair when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends, and the public generally, believing that it was well deserving to direct them they will not be disappointed.

Yours, very respectfully,
J. W. HENRY
SONS.

N. B. HOLMAN,
 THUNDERBOLT, 10, 1853.
 Prof. Wain—Dear Sir: Since your promise to give you
 a statement of the effects of your wonderful Resonator upon me,
 I cheerfully state, in reply, that I have now used
 three bottles of it; and although my hair when I commenced
 its use was a silvery white, and although I was nearly
 one month time it had become precisely its original color
 and so perfect that my friends all thought I looked twenty
 years younger than usual, and scarcely knew what to make
 of it; but they considered it a miracle, and I have since
 them it was but the result of an in on out of yours called
 Hair Resonator. I will also state that I was much troubled
 with dandruff and itching, particularly when in perspiration,
 and that my only relief was to apply the Resonator
 to my scalp, and it cured me of all these troubles, and
 removed all dandruff and itching; and although my hair had

fulten off mud) was somewhat bad, I now have as fine a
 head of hair, both in color, softness and lustre, as I had
 when I was young and healthy. I have used it for
 me to state that I commenced its use in August last, and
 used none since January. I have no doubt therefore but
 what the change is a permanent one; I can therefore re-
 commend it as the most wonderful remedy for the scalp
 which will live. 6 M. RANDALL.

 panied by a bottle of your Hair-Revivator, was received,
 I very soon thereafter commenced using it, and it has cu-
 riously restored my hair to its former luxuriant color—
